Portfolio: <https://www.afshix.com/>

Summary

I am a UI/UX designer with over 7 years of experience in various digital platforms, including responsive web pages, native apps, PWAs, and design systems. As an expert in collaborating with startup teams, I have successfully implemented UI/UX strategies that delivered improved user experiences for several projects across various industries through streamlined workflows and effective processes.

Professional Experience

1. **[Giftpals.com](#), United States | Dec 2022 – Nov 2024 (2 years)**
 - Designed the interaction and user experience for a gifting and affiliate marketing website. Focused on creating a visually appealing and intuitive design to help users easily find and purchase gifts while exploring revenue opportunities. Optimized processes reduced usability testing errors to under 10%. Prototyped in Figma and collaborated closely with developers to streamline and improve implementation.
2. **[Motorproz.co.uk](#), United Kingdom | Sep 2023 – Feb 2024 (6 months)**
 - Led the design of an MVP website for a platform focused on buying and selling pre-owned cars, as the initial milestone of a larger project. Simplified processes for diverse user groups while ensuring a visually appealing interface and compliance with legal guidelines. The final product met all client requirements and expectations.
3. **[Houmify.com](#), United States | Jan 2021 – Oct 2022 (1 year and 10 months)**
 - Designed a digital solution to help users find real estate agents and connect with property owners, creating a competitive marketplace. Despite the absence of property listings (as per client requirements) and the need to align with pre-existing platform designs, redesigned processes and improved user flows. Developed a prototype that integrated backend and database requirements, ensuring smooth frontend redevelopment with minimal issues.
4. **[Rayan Kavesh Hirkan](#), Iran | Feb 2020 – Jan 2021 (1 year)**
 - Served as both UI/UX and Product Designer for an application focused on municipal waste collection and recycling, designing two distinct Android apps for staff and users. Ensured a seamless user experience while coordinating closely with front-end developers.
 - Designed a comprehensive software solution for delivering medical equipment and services to homes via separate mobile apps for users and staff. Focused on user-centered design and optimal user experience while leading key aspects of the project to ensure successful execution.

5. **Post Bank of Iran, Iran** | Oct 2009 – Jan 2020 (10 years and 3 months)
 - Began my career as a UX Designer, leveraging prior experience with bank representative offices to analyze and refine processes for improved user and customer experiences. As a UX consultant for two years, implemented changes that led to a 60% increase in satisfaction among agents and clients, as reflected in survey results, earning commendation from senior bank managers
 - Branch boss and head of bank representative offices for 8 years
6. **Farniroo Sharq company, Iran** | Mar 2004 – Feb 2009 (5 years)
 - Macromedia Flash Senior Designer and Computer technical expert (Part-time)

Skills and technical Proficiencies

- User- Centered Design • User Research • Design system • Wireframing • Prototyping
- Mobile App Design • Responsive web design • Figma & FigJam • Adobe XD • Marvel App
- Adobe Illustrator and Adobe Photoshop (familiar) • Balsamiq Wireframes • Logo Design

Language

- **English** (Fluent)
- **Persian** (native)

Education

- Associate's Degree in Computer Science (Software Engineering)
- Bachelor's Degree in Computer Science (Hardware Engineering)

Professional Training and Certificates

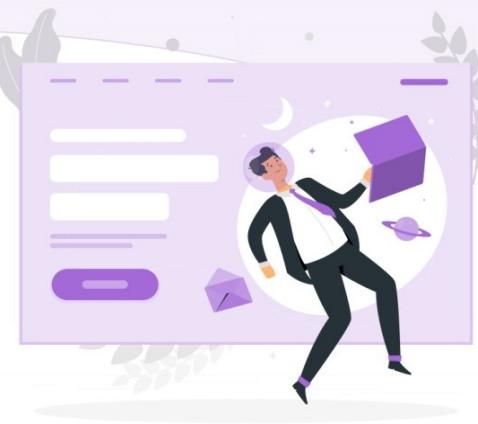

- 2 Profesional Certificates UX/UI Design (**Faculty of Entrepreneurship, University of Tehran**)
- 3 Profesional Certificates of UX/UI Design (**Google**)
- 10 Profesional Certificates of UX/UI Design (**Interaction Design Foundation - IDF**)
- User Creative Thinking (**Imperial College London**)
- 2 Profesional Courses of Adobe Tools (**Iran Technical & Vocational Training Organization**)

Additional Experience & Achievements

- Teaching graphic applications as a web-pages-design tool at Tehran Institute of Technology
- Utilization of new technologies to improve the UX and Accessibility
- Second place in the U.S. Endourological Society Logo Design Contest

Web Pages

Sample web pages designed for the Giftpals affiliate marketing service.

A screenshot of the Giftpals occasions landing page. The top features a large "OCCASIONS" title with colorful, bubbly letters. Below it are four category cards: Birthday, New Baby, Anniversary, and Graduation, each with a small icon and a photo. A search bar with placeholder text "Pick the occasion, we'll find the gift!" is followed by a "Search" button. A section for "HALLOWEEN" shows three jack-o'-lanterns. Below this are sections for "Family & Relatives" (with cards for Santa Day, Friendship Day, The Girl Child, Daughter's Day, Valentine's Day, Day of Other Heroes, Day of Families, and Friendship's Day) and "Work & Occupations" (with cards for Chef's Day, Armed Forces Day, Labor Day, Teacher Day, Army Day, Military Day, Teachers' Day, and Nurses' Day). The "Events & Public Occasions" section includes cards for Coffee Day, Christmas Day, Postal Day, National Children's Day, National Book Day, National Bike Day, National Media Day, and Easter. At the bottom, there's a "Did you know?" section with a small note and a "Read more" link, followed by a row of four images labeled "This is a test of content".

A screenshot of the Giftpals main website homepage. It features a header with categories: Apparel, Sport, Beauty, Books, Consumer Electronics, and Automotive. Below the header are sections for "Base on your browsing" (showing products like a laptop and a television), "Most popular gifts" (a grid of items like a camera and a hoodie), "Best shop for Teachers" (a grid of teacher-related items), "Best Lists for Teachers" (a grid of teacher profiles), and "Best Article" (a grid of articles with images of people working on laptops). At the bottom, there's a "Digital gifts" section with a note about B2B connections and a "Read more" link.

Multiple Use

A sample of static web pages, including a landing page, a blog, and an AI-based user interface for Hounify.

The screenshot shows the homepage of REALIFF.COM. At the top, there's a navigation bar with links for 'Buyer', 'Seller', 'Lease', 'Agent', and 'Resources'. Below the header, a large banner features a house icon and the text: 'Work with reliable real estate agents and receive a rebate up to 2% of your purchase price'. It also says 'Check how much extra you can receive when buying with a local agent'. Below the banner is a search bar with dropdown menus for 'Buyer', 'Seller', 'Agent', and 'Lease', followed by a placeholder 'Type your address' and a green 'Search!' button. A sidebar on the left offers consulting services like 'Get consulting from REALIFF', 'Looking to buy property', 'Needs of homeowners', 'Agents business', and 'Get the best loan'. The main content area has a large image of a white, modern-style house with palm trees. Below it, a section titled 'Realiff special services' lists eight services with icons: 'The first service' (phone), 'The second service' (key), 'The third service' (handshake), 'The fourth service' (house), 'The fifth service' (globe), 'The sixth service' (key), 'The seventh service' (house), and 'The eighth service' (key). Further down, sections for 'Contracts', 'Loan Rates', and 'Refinance' are shown with small images. On the right, there's a 'See more...' link and a 'FAQ (Buyers)' section with three expandable questions. At the bottom right is a map titled 'Location Base Agent Finder' with several location pins.

This screen shows the main dashboard of the Stakingrewards app. It displays the user's current staking status (10 ETH) and wallet balance (\$ 27,520). A warning message encourages the user to review their risk level (B). Below this, there's a line chart showing historical performance over time. The 'Custodial Staking' section provides a summary of risk, benefits, and user statistics. It also allows the user to choose between different algorithms and projects. A 'Select the staking option' button leads to a detailed configuration screen. The bottom navigation bar includes icons for Home, Performance, and Settings.

The screenshot shows a web-based interface with a header containing a back button, a search bar, and a user icon. Below the header is a navigation bar with three menu items: "First menu", "Second menu", and "Third menu". To the right of the menu items is a search bar with a magnifying glass icon and a dropdown arrow. The main content area is titled "My Groups" and contains ten group cards arranged in two rows of five. Each card has a small thumbnail image, a title, a description, and a "Add a member" button. The groups are labeled as follows:

Group	Product Name	Description	Action
Group 1	Group 1	the product name and description	+ Add a member
Group 2	Group 2	the product name and description	+ Add a member
Group 3	Group 3	the product name and description	+ Add a member

Group 10	Group 10	the product name and description	+ Add a member

The screenshot shows a web browser window with three menu tabs: "First menu", "Second menu", and "Third menu". Below the menu is a large, stylized graphic of two intersecting diagonal lines forming a diamond shape. A button labeled "Add a new member" is visible. The main content area is titled "afshin wish lists" and contains a table with the following columns: "Name", "Date of addin", "Gift/pole?", and "in common other groups". The table lists seven items, each with a small icon and a "Pending" status. The last four items have an "Invite" button next to them. At the bottom left, there is a "monitor" section with a table showing various items like "Item 1", "Item 2", etc., with their respective details.

Establish a Design System

No additional explanation is needed. Everything is here

The screenshot shows a user interface for a car valuation service. At the top, there are two sets of 'Mileage' input fields. Below them are 'GF57 XWH' license plate displays, followed by numerical values '89,100' and '32,500'. A 'Value my car' button is present in both columns. The next section contains 'Get my offer' and 'Sell my car' buttons. Following this are two sets of form fields for 'First name' and 'Email'. Below these are dropdown menus for 'How do you describe your car?' and 'Type of damage'. A large gray banner at the bottom features the text 'Seeing Clearly Underwater: The Importance of Quality Equipment for Water Polo Players'. At the very bottom, a progress bar indicates steps: 'Vehicle details' (Completed), 'Your details' (In progress), and 'Your valuation' (Pending). Navigation arrows and a page number indicator (1, 2, 3) are also visible. The footer contains a series of small icons for various services.

Guideline
