Linked In: [www.linkedin.com/in/afshin344/](https://www.linkedin.com/in/afshin344/)

Portfolio: <https://www.afshix.com/>

## Summary

---

I am a UI/UX designer with over 7 years of experience in various digital platforms, including responsive web pages, native apps, PWAs, and design systems. As an expert in collaborating with startup teams, I have successfully implemented UI/UX strategies that delivered improved user experiences for several projects across various industries through streamlined workflows and effective processes.

## Professional Experience

---

### 1. **UM-ProGuide (SaaS), United States** | Product Designer | Dec 2024 – May 2025 (6 months)

Designed a web-based application as part of a digital solution for a research initiative aimed at increasing specialized awareness among patients and individuals undergoing prostate cancer screening at the University of Miami Miller School of Medicine. The project was implemented under the academic supervision of Dr. Hossein Sharifi, Urologic Oncology Fellow and Instructor at the University of Miami. It aimed to inform the target population (men), improve clinical workflow efficiency, and generate actionable data for analysis and decision-making.

### 2. **Giftpals.com, United States** | UX/UI Designer | Dec 2022 – Nov 2024 (2 years)

Designed the interaction and user experience for a gifting and affiliate marketing website. Focused on creating a visually appealing and intuitive design to help users easily find and purchase gifts while exploring revenue opportunities. Optimized processes reduced usability testing errors to under 10%. Prototyped in Figma and collaborated closely with developers to streamline and improve implementation.

### 3. **Motorproz.co.uk, United Kingdom** | UX/UI Designer | Sep 2023 – Feb 2024 (6 months)

Design of an MVP website for a platform focused on buying and selling pre-owned cars, as the initial milestone of a larger project. Simplified processes for diverse user groups while ensuring a visually appealing interface and compliance with legal guidelines. The final product met all client requirements and expectations.

### 4. **Houmify.com, United States** | UX/UI Designer | Jan 2021 – Oct 2022 (1 year and 10 months)

Designed a digital solution to help users find real estate agents and connect with property owners, creating a competitive marketplace. Need to align with pre-existing platform designs, redesigned processes and improved user flows. Developed a prototype that integrated backend and database requirements.

## 5. Rayan Kavesh Hirkan, Iran | Product Designer | Feb 2020 – Jan 2021 (1 year)

- Served as both UI/UX and Product Designer for an application focused on municipal waste collection and recycling, designing two distinct Android apps for staff and users. Ensured a seamless user experience while coordinating closely with front-end developers.
- Designed a comprehensive software solution for delivering medical equipment and services to homes via separate mobile apps for users and staff.

## 6. Post Bank of Iran, Iran | UX consultant | Oct 2009 – Jan 2020 (10 years and 3 months)

- Began my career as a UX Designer, leveraging prior experience with bank representative offices to analyze and refine processes for improved user and customer experiences. As a UX consultant for two years, implemented changes that led to a 60% increase in satisfaction among agents and clients, as reflected in survey results, earning commendation from senior bank managers
- Branch boss and head of bank representative offices for 8 years

## Skills and technical Proficiencies

---

- User-Centered Design • Design Thinking • User Research • User flow • Usability Test
- Wireframing • Prototyping • Design system • Style Guides & UI Kit • Mobile App Design
- Responsive & Adaptive design • A/B Test • Figma & FigJam • Adobe XD • Marvel App
- Adobe Photoshop • Balsamiq Wireframes • Google Analytics • Jira • Logo Design

## Language

---

- English (Fluent)
- Persian (native)
- Portuguese (Basic)

## Education and Certificates

---

- Bachelor's Degree in Computer Science
- 2 Professional Certificates UX/UI Design (**Faculty of Entrepreneurship, University of Tehran**)
- 3 Professional Certificates of UX/UI Design (**Google**)
- 10 Professional Certificates of UX/UI Design (**Interaction Design Foundation - IDF**)
- User Creative Thinking (**Imperial College London**)
- 2 Professional Courses of Adobe Tools (**Iran Technical & Vocational Training Organization**)

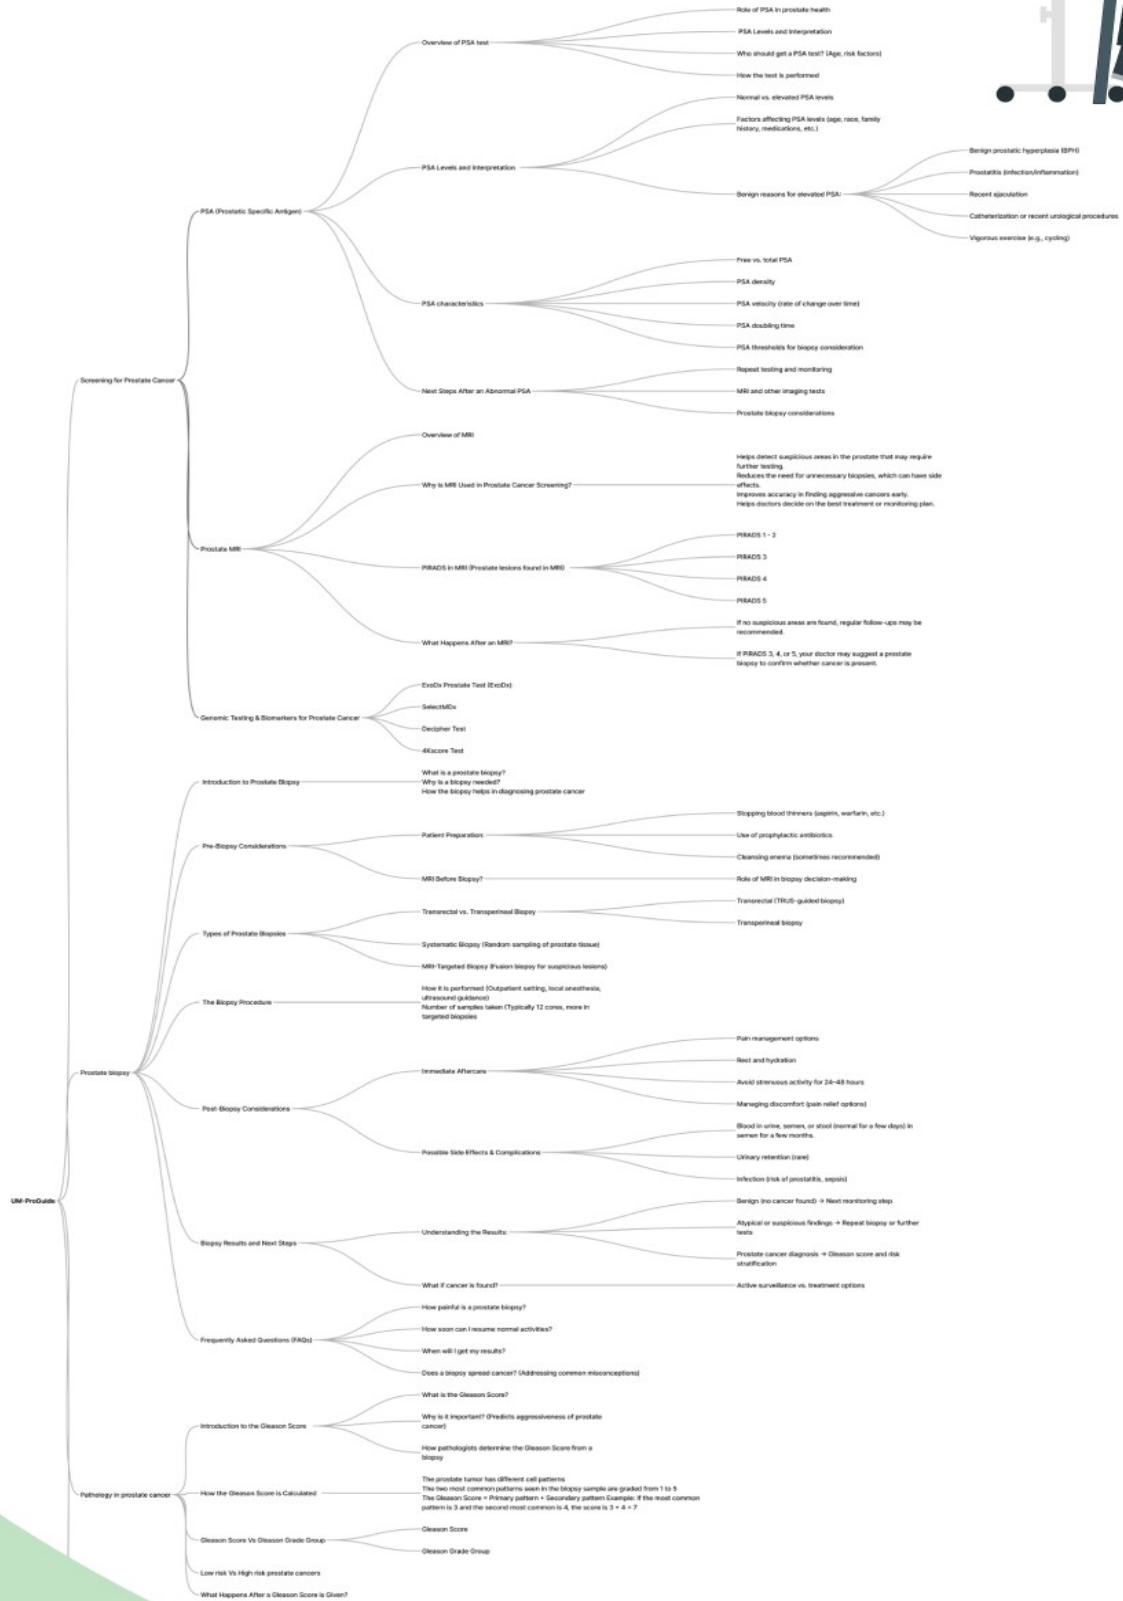

## Additional Experience & Achievements

---

- Teaching graphic applications as a web-pages-design tool at Tehran Institute of Technology
- Utilization of new technologies to improve the UX and Accessibility
- Second place in the U.S. Endourological Society Logo Design Contest

# UM-ProGuide project

## Mind Map

# Persona

A true portrait of the user, before design takes shape

**David**

#### Personal details

- Age: 46
- Education: Master's Degree in Medical Laboratory Science
- Occupation: Lab Technician
- Location: Asheville, North Carolina
- Marital Status: Single
- Financial Status: Moderate income, has private health insurance

#### Background & Lifestyle

- Alex has a demanding job with long shifts, leaving little time for research.
- He enjoys social gatherings and drinking, which may have contributed to his Alcoholic Fatty Liver Disease (AFLD).
- No history of radiotherapy or open surgery in the lower abdominal region.
- He primarily uses his smartphone for browsing and prefers quick access to relevant information.

#### Health Concerns & Motivation

- Medical Symptoms: Experiencing weak urine flow, pelvic pain, and sexual dysfunction.
- Diagnostic Process: His family doctor recommended a PSA test, which showed concerning results.

#### Why He Uses This Platform?

- Wants a quick way to understand his condition and available treatments.
- Prefers video explanations over long text-based articles.
- Seeks practical advice on treatment options before his next doctor visit.

#### Goals & Expectations

- Get a clear explanation of his test results and what they mean.
- Learn about next steps in diagnosis (e.g., biopsy, MRI).
- Find treatment options and understand their side effects.
- Access a FAQ section for quick answers.

#### Challenges & Pain Points

- Limited attention span for reading long articles.
- Prefers video and audio content over text.
- Needs an easy way to revisit previously accessed information.

#### User Behavior & Journey

- How He Finds the Platform? Through an online search after getting his PSA test results.
- Preferred Navigation Method: Uses search functionality or smart recommendations from the homepage.
- Likelihood of Returning? Moderate – depends on how quickly he finds useful information.

#### Key Takeaways for UX Design

- Alex prefers fast access to relevant content, favoring search and multimedia.
- He would benefit from a way to revisit previously accessed information (e.g., history, saved articles, or recommended content).

**Robert**

#### Personal details

- Age: 71
- Education: PhD in Journalism
- Occupation: Retired Publisher
- Location: Miami, Florida
- Marital Status: Married, 2 children
- Financial Status: Has medical insurance (Medicare)

#### Background & Lifestyle

- Martin is a retired publisher who enjoys fishing and reading historical books.
- He follows a structured routine and undergoes a full medical check-up twice a year.
- No history of open surgery in the lower abdominal region.
- Previously underwent radiotherapy due to Graves' disease.
- He is tech-savvy for his age and uses an iPad for reading news and browsing the internet.
- He prefers websites with larger text and clear navigation.

#### Health Concerns & Motivation

- Medical History: Diagnosed with adult-onset diabetes.
- Family History: His father passed away due to prostate cancer, making him highly concerned.

#### Why He Uses This Platform?

- Wants a quick way to understand his condition and available treatments.
- Prefers video explanations over long text-based articles.
- Seeks practical advice on treatment options before his next doctor visit.

#### Goals & Expectations

- Learn about prostate cancer symptoms, diagnosis, and treatments.
- Find lifestyle recommendations for better prostate health.
- Avoid unnecessary visits to the doctor by accessing credible medical information.
- Easily access previously viewed topics without searching again.

#### Challenges & Pain Points

- Struggles with complex medical terminology.
- Finds some digital interfaces overwhelming and cluttered.
- Prefers larger text and a straightforward navigation system.

#### User Behavior & Journey

- How He Finds the Platform? Through his doctor's recommendation.
- Preferred Navigation Method: Uses the structured tree menu and prefers a step-by-step wizard.
- Likelihood of Returning? High – wants a way to bookmark or access previously viewed content easily.

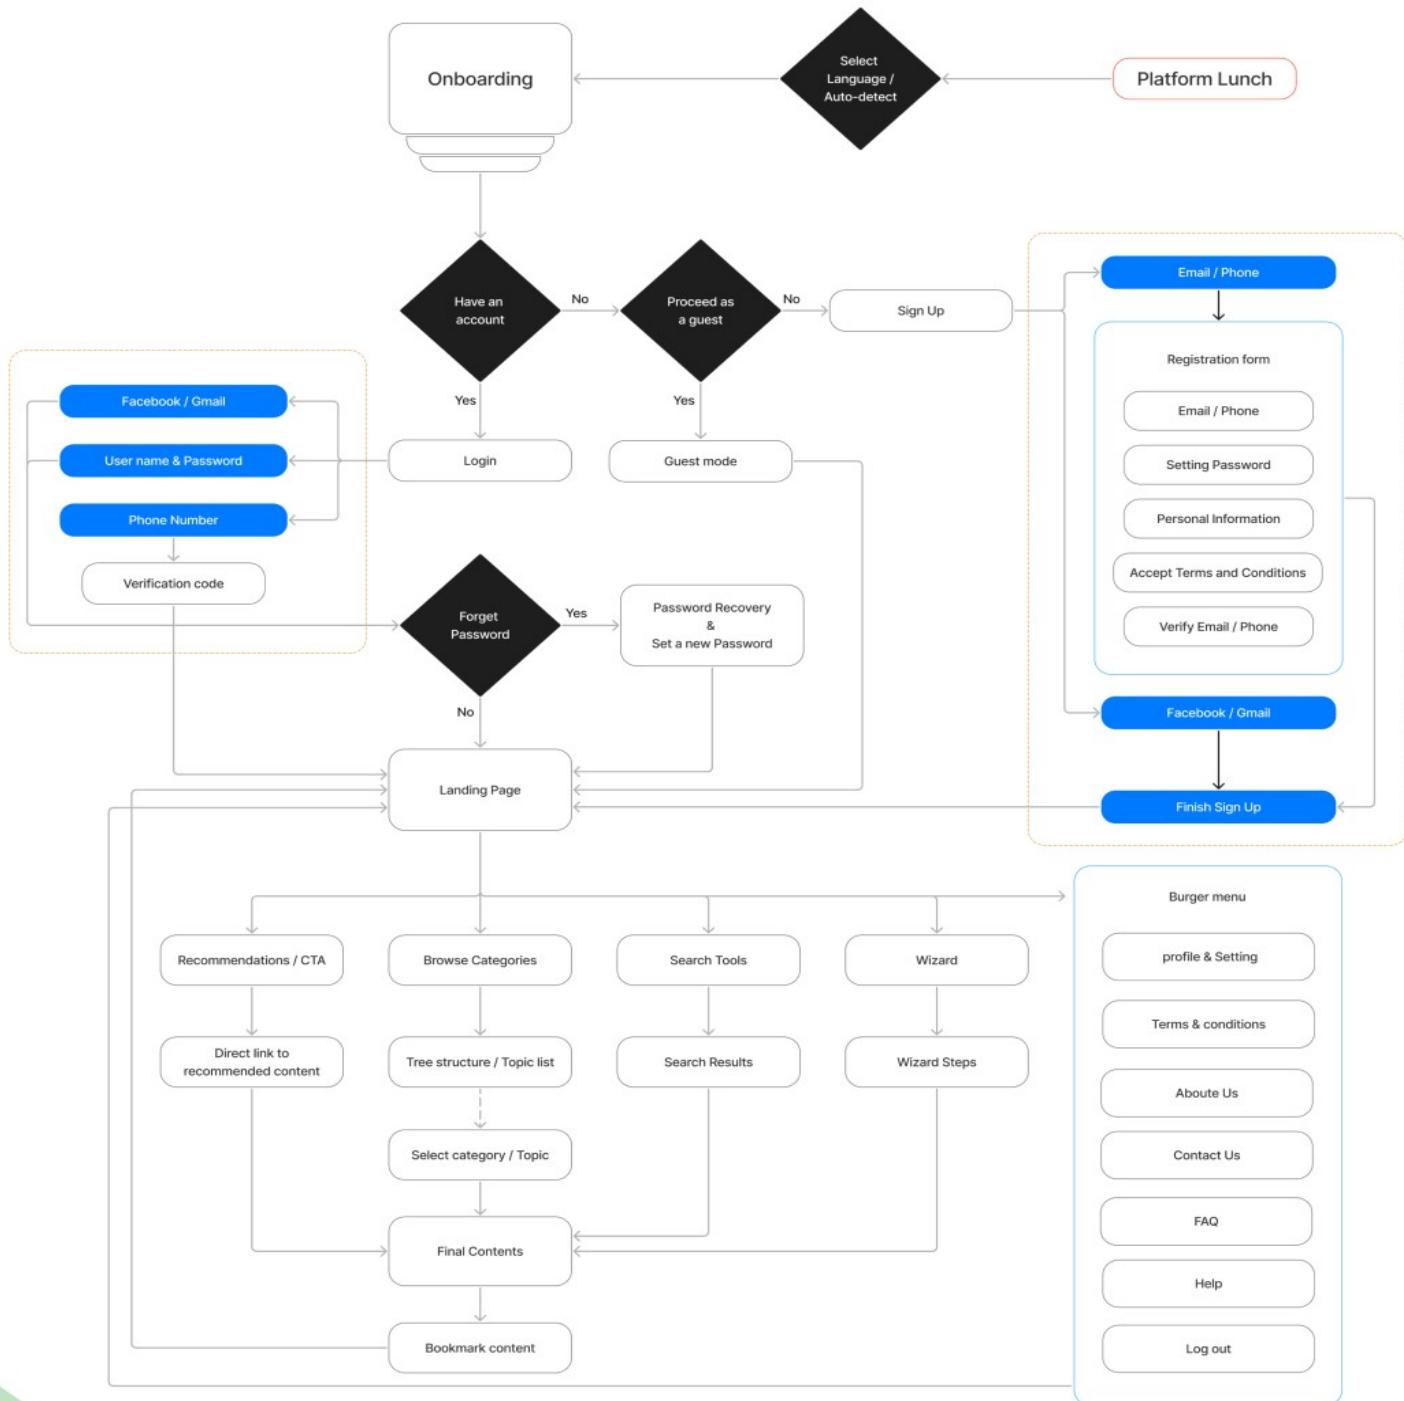

#### Key Takeaways for UX Design

- Martin needs a structured, easy-to-navigate interface with clear explanations.
- He would benefit from a way to revisit previously accessed information (e.g., history, saved articles, or recommended content).

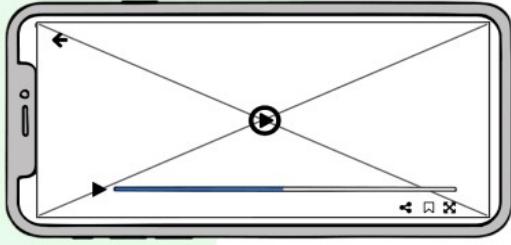

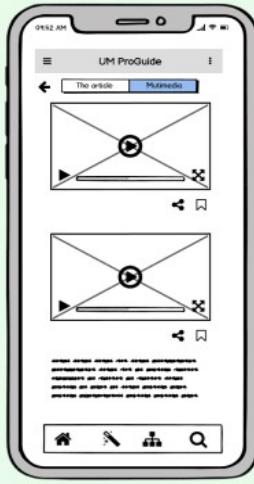

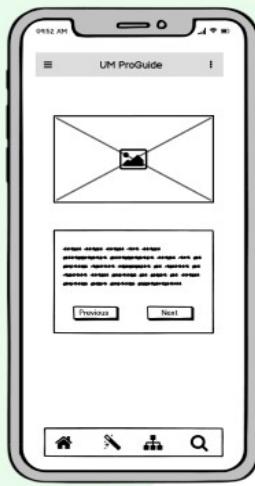

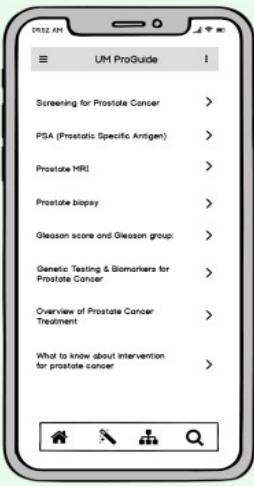

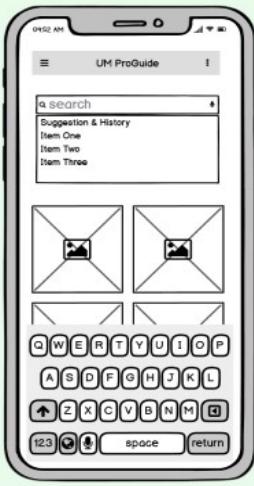

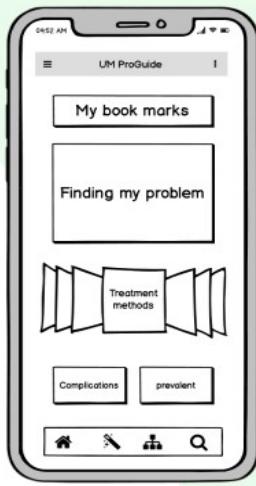

# User Flow

A roadmap for a seamless journey through experience.

# Wireframe

The skeletal frame where ideas take structure before soul.

# UI Kit & style guide

The visual DNA that ensures flawless consistency.

# Responsive version

Beauty and function, on every screen and every size.

The mobile screen shows the home page of the UM-ProGuide app. At the top is the app's logo, "UM-ProGuide", and a language selector "En". Below the logo is a large blue ribbon graphic. A sidebar on the left contains links: "My bookmarks & Favorites", "Prostate Cancer Insights ...", and "How to navigate this App?". The main content area features the "UJ Health" logo and a brief text snippet. Below this are two cards: one for a "Title of Article" with a blood test tube image, and another for "Pathology" with a microscope image. At the bottom are navigation buttons: Home, Categories, Ask me, and Search.

The mobile screen shows the profile information page. At the top is the app's logo, "UM-ProGuide", and a language selector "En". On the right, there is a user profile picture of a man with glasses and the name "David M" with an email address "David1974@gmail.com". A sidebar on the left lists various sections: Screening, Pros, Editorial, Profile Information, Terms & conditions, About Us, Contact Us, FAQ, Help, and Exit / Log out. The main content area is currently empty.

The mobile screen shows a list of articles under the "Trans rectal" category. At the top is the app's logo, "UM-ProGuide", and a language selector "En". Below the category title are four article cards, each with a thumbnail image of a medical procedure, the title "The 1st article title", and a short description. At the bottom are navigation buttons: Home, Categories, Ask me, and Search.

The mobile screen shows a diagnostic survey. At the top is the app's logo, "UM-ProGuide", and a language selector "En". A search bar says "Tell us a key word about your problem" with a magnifying glass icon. Below it is a "Back" button and a progress bar with steps 1, 2, 3, and 4. A large blue ribbon icon is centered. A question "Have you ever been diagnosed with prostate cancer?" is displayed with "No" and "Yes" buttons. At the bottom are navigation buttons: Home, Categories, Ask me, and Search.

At the bottom, there is a navigation footer with links for "Prev" (disabled), "1", "2", "3", and "Next".

# Web Pages

Sample web pages designed for the Giftpals affiliate marketing service.

The screenshot shows the Giftpals website's main landing page. It features a large "OCCASIONS" header with sub-sections for Birthday, New Baby, Anniversary, and Graduation. Below this is a search bar with placeholder text "Pick the occasion, we'll find the gift!". A "HALLOWEEN" section displays three jack-o'-lanterns. Further down are sections for "Family & Relatives" (with sub-sections for Santa Day, Friendship Day, The Girl Child, Daughter's Day, Valentine's Day, Day of Other Heroes, Day of Families, and Friendship Day) and "Work & Occupations" (with sub-sections for Chef's Day, Armed Forces Day, Labor Day, Teacher Day, Army Day, National Day, Mother's Day, and Nurse Day). The "Events & Public Occasions" section includes Coffee Day, Christmas Day, Father's Day, International Children's Day, National Book Day, National Bike Day, National Media Day, and Easter.

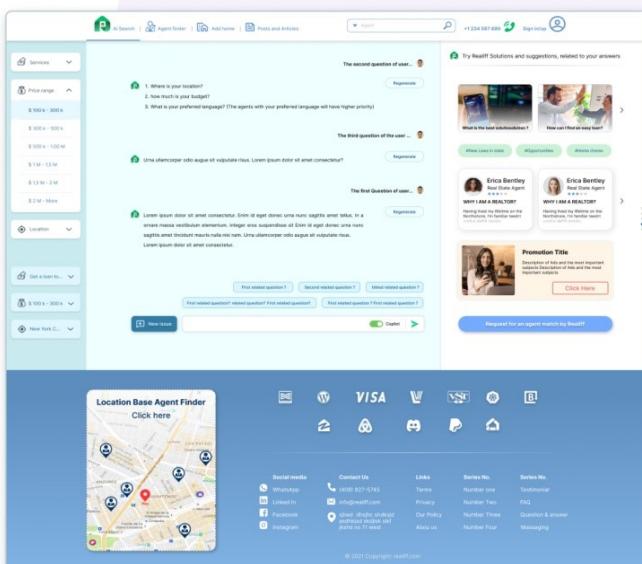

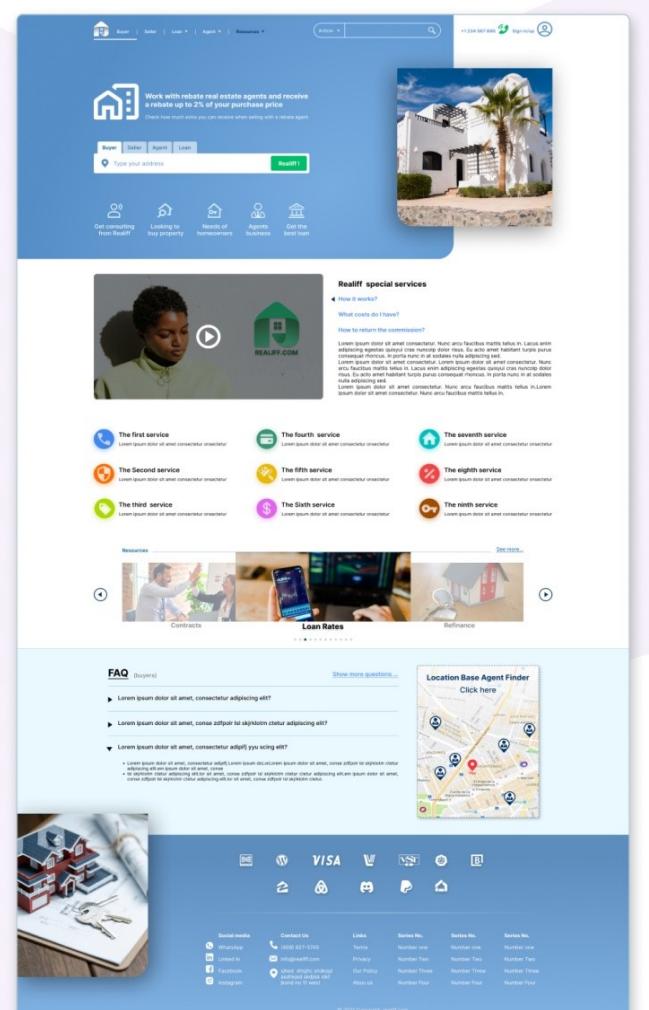

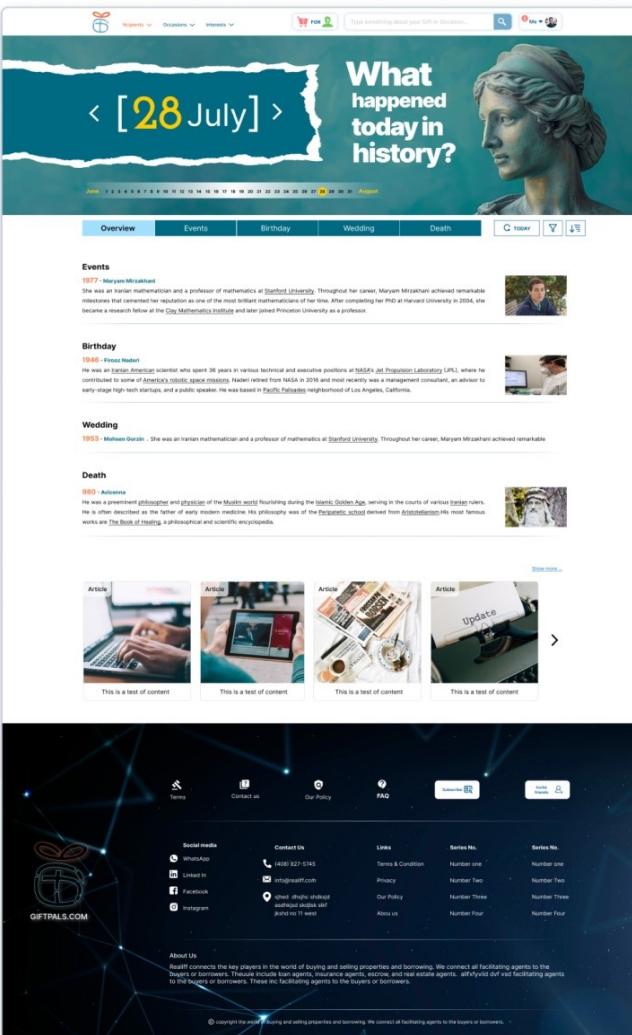

This screenshot shows the Giftpals website's product offerings. At the top, there are categories: Apparel, Sport, Beauty, Books, Consumer Electronics, and Automotive. Below this is a "Base on your browsing" section featuring a grid of recommended products like a computer monitor, camera, and electrical engine. The "Most popular gifts" section shows a grid of items such as a laptop, a camera, and a teddy bear. The "Best shop for Teachers" section displays logos for various teachers' shops. The "Best Lists for Teachers" section shows circular icons for different teacher-related lists. Finally, the "Digital gifts" section shows a grid of digital products like laptops and tablets.

The screenshot shows the Giftpals website's footer. It includes a "Social media" section with links to LinkedIn, Facebook, and Instagram. There are also "Contact Us" and "FAQ" sections. The "About Us" section contains text about Giftpals connecting key players in the world of buying, selling, and borrowing properties and services. It includes a "Read more" button.

This screenshot shows the Giftpals website's footer, which is identical to the one above it. It includes a "Social media" section with links to LinkedIn, Facebook, and Instagram. There are also "Contact Us" and "FAQ" sections. The "About Us" section contains text about Giftpals connecting key players in the world of buying, selling, and borrowing properties and services. It includes a "Read more" button.

# Establish a Design System

No additional explanation is needed. Everything is here

The screenshot displays a comprehensive design system library. It includes:

- Two sets of horizontal progress bars labeled "Mileage".
- Two sets of vehicle registration plates labeled "GF57 XWH".
- Two sets of numerical values: "89,100" and "32,500".
- Two sets of buttons labeled "Value my car".
- Two sets of buttons labeled "Get my offer".
- Two sets of buttons labeled "Sell my car".
- Two sets of input fields labeled "First name \*".
- Two sets of input fields labeled "First name \*".
- Two sets of input fields labeled "Email \*".
- Two sets of dropdown menus labeled "How do you describe your car?".
- Two placeholder boxes with the text "Seeing Clearly Underwater: The Importance of Quality Equipment for Water Polo Players".
- A navigation bar with three steps: "Vehicle details" (Completed), "Your details" (In progress), and "Your valuation" (Pending). Below it are navigation arrows and a page number indicator.
- A large blue circular icon with the text "No hidden charges".
- A small blue circular icon with the text "No hidden charges".
- Two decorative line drawings: a stylized plant on the left and a vertical wavy line on the right.
- A footer section with numbered icons (1, 2, 3) and a series of small icons including a phone, envelope, and social media links.

# Guideline

A good library can be like a friend by your side during all the critical moments of research.
